

ST. ANNE'S-ON-THE-SEA

ST. ANNE'S (anciently Kelgmoles or Kilgrimol), pleasantly seated on the outer edge of that fertile plain called "the Fylde of Lancashire," is a modern watering place, formed about 1873, and under the provisions of the "Local Government Act, 1894," has been constituted a civil parish; it has a station on the London and North Western and the Lancashire and Yorkshire joint railway, 17 miles west from Preston by rail, 10 north from Southport, across the estuary of the Ribble, 4 from Blackpool and 3 west from Lytham, in the Blackpool division of the county, hundred of Annouderness, Fylde union, Kirkham petty sessional division and county court district, rural deanery of Fylde, archdeaconry of Lancaster and diocese of Manchester. The place is governed by an Urban District Council under the Act of 1894, and comprises parts of Marton and Lytham townships. St. Anne's has a bracing atmosphere and generally equable temperature, the extensive sands affording safe bathing, protected by the "Salters bank." The town is lighted by electricity from works in St. David's road north, belonging to the Urban District Council, and gas is supplied

by a private company. The water supply is derived from the Grizedale reservoirs of the Fylde Water Board. The Blackpool, St. Anne's and Lytham Tramways Company run an extensive service of electric cars through the district. The sea wall and promenade, one mile in length, is laid out with ornamental gardens, tennis lawns and rockeries; there is a band-stand, occupied several times weekly by a local band, and on the Esplanade also stands a fine statue of a lifeboat coxswain, erected as a memorial to the lifeboat crew who perished in attempting the rescue of the crew of the barque "Mexico," 9 December, 1886. The iron pier, 400 yards in length, was constructed in 1884 by the St. Annes Land and Building Co. Limited, and in 1904 considerably enlarged and a new pavilion erected and together with jetty, landing stage, pavilion and shops cost £50,000. At the entrance is an elegant building in the English half-timbered style, containing the various offices, and in the pavilion variety entertainments are given daily. A floral hall was erected at the pier head in 1910, at a cost of about £1,000.

The ecclesiastical parish was formed in 1877. The church of St. Anne, erected in 1873, at a cost of £4,000, and enlarged in 1886 at a cost of £2,500, is a brick building with stone facings in the Gothic style, consisting of chancel and nave, under a single roof, small transepts, aisles, vestry, south porch and an embattled western tower and pinnacles, added in 1890 at a cost of £1,700, and containing 8 bells, presented by Lady Eleanor Cecily Clifton, at a cost of £600: the reredos and stained east window are memorials to T. H. Clifton esq. formerly M.P. for Lancashire: there are 600 sittings. In the churchyard is a tall cross of Celtic design, erected over the grave of the lifeboat crew who perished on the occasion of the wreck of the "Mexico." The register dates from the year 1873. The living is a vicarage, net yearly value £350, with residence, in the gift of Lady Drummond, and held since 1900 by the Rev. Herbert Edward Butler, of Merton College, Oxford.

St. Thomas's is an ecclesiastical parish, formed in 1902; the church, on Clifton drive south, completed in 1900, is an edifice in the Perpendicular style, consisting of chancel and nave, both with clerestory, aisles, vestry and north porch: the church will seat about 800. The register dates from the year 1900. The living is a vicarage, net yearly value £300, in the gift of J. T. Clifton esq. and held since 1902 by the Rev. Charles Herbert Ellison M.A. L.Th. of Hatfield Hall, Durham. The Catholic church, dedicated to Our Lady Star of the Sea, an edifice of stone in the Early English style, was erected in 1890, on a site of two acres given by the late Colonel Clifton, at a cost of £12,000, and consists of late chancel, nave, north and south chanceries, porch and a square open turret with one bell: there are 250 sittings. The Wesleyan chapel, on Clifton drive south, opened 13 October, 1892, was built at a cost of £10,000, and is an edifice in the Decorated style, with transepts, and a lofty tower and spire, the base of the tower forming a porch: there are 450 sittings: in rear of the chapel is a schoolroom and a keeper's house. The Wesleyan chapel, in Church road, built in 1805, at a cost of about £3,000, is a stone building in the Gothic style, with tower, and has sittings for 750 persons. The Primitive Methodist chapel, in Clifton drive south, was erected in 1911, at a cost of nearly £6,000. The Baptist chapel, in St. Andrew's road south, built in 1910, in place of a former chapel, at a cost of over £6,000, has 600 sittings. The Congregational chapel, in Clifton drive north, was built during the period 1894-6, and is a large edifice in the Geometric Gothic style, with transepts, two spacious porches on the principal front, and a buttressed tower: in the chapel is a mural brass to the late W. J. Porritt esq. who is regarded as the founder of St. Anne's: there are 650 sittings. The Christian Brethren have a meeting room here. The Carnegie Free Public Library, in Clifton drive south, was erected in 1904-5, at a cost of £3,500, and contains about 7,000 volumes. The St. Anne's Public Hall, in St. George's road, erected in 1900, at a cost of £12,000, from the designs of Mr. T. D. Harker, is a large structure,

with two principal fronts, in a modern Italian style: the interior is completely fitted for dramatic performances, and in the same building are the social, reading and billiard rooms of the St. Anne's District Club: part of the ground floor is arranged and let as shops. The Golf grounds of the Lytham and St. Anne's Golf Club have extensive and well laid out links; the club house, at the entrance to the links, built at a cost of £10,000, and opened by the present Duke of Argyll P.C., K.G., K.T., G.C.M.G., G.C.V.O. in 1898, is an irregular structure of pleasing design in the half-timbered style. Another building, known as "the Dormy House," has also been erected for the convenience of golfing visitors. On the Old Links there is a club-house, erected in 1911, at a cost of over £8,000. The St. Anne's Tennis Club has its headquarters at St. George's gardens, in St. George's road; these gardens are well laid out and contain vineries and conservatories. The St. Anne's Institute, in St. George's road, has reading and billiard rooms, and is open to visitors. The Abraham Ormerod Convalescent Home for Children stands in Clifton drive north, a mile and a half north of St. Anne's; it is available for 100 children, and 16 cripples, and is under the charge of Sisters attached to the Church. The Rochdale Children's Convalescent Home is in St. Andrew's road south. The Manchester Children's Hospital Convalescent Home is in Clifton drive north, and adjoins the Ormerod Home. The Manchester and Salford Wood Street Mission holds a summer camp for stum children in Clifton drive north, facing the two Manchester Convalescent Homes. The principal hotels are the St. Anne's, near the railway station, and the Grand, South promenade. There are also the Imperial Hydro hotel and the Southdown Hydro. The local branch of the Lifeboat Institution provides a building at the south end of the Esplanade and near the beach for the reception of the lifeboat. The clubs include the Conservative Club, in Orchard road; the St. Anne's District Club and the Institute, both in St. George's road, and the St. Anne's Liberal Club, in St. Andrew's road south. There are branches here of the London City and Midland, Lancashire and Yorkshire, Manchester and County, and the Union Bank of Manchester, all in St. Anne's road west. A new police station and offices have been built in St. Andrew's road north. John Talbot Clifton esq. J.P. of Lytham Hall, is lord of the manor and sole landowner. The area is 3,341 acres of land, 1 of water, 402 of tidal water and 4,633 of foreshore; rateable value, £95,555; the population in 1891 was 2,588; in 1901, 6,838, and in 1911, 9,837.
